VOLUME XI

COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY, AUGUST 5, 1908.

NUMBER 39

The Institute.

The institute closed last Friday at noon. As it was conducted by ladies, Miss Patridge and Mrs. Grinstead, we took pains to make inquiry of many of the teachers, especially of those who have been teaching for several years, as to the satisfaction that was being given. Every one to whom we approached spoke in the highest terms of the instructors, and the clear ideas they advanced in imparting their methods of teaching. We are satisfied, judging from expressions heard, that all the teachers left Columbia feeling that they had been greatly benefited. Miss Patridge came to Columbia a perfect stranger, but she was highly appreciated and made many friends during her short stay. Mrs. Grinstead, having been in school here when a girl, was kindly remembered by many of her old class-mates, and several of whom were done to make her visit pleasant. The institute resulted, thanking Mrs. Shelton for securing the services of these two excellent instructors.

Goes to Monticello.

Mrs. Geo. W. Thomas (nee Miss Margaret Taylor), a well known teacher, who taught in the M. and F. High School during the session of 1906-7, will fill a position in the college at Monticello this year, the school opening in September. Mrs. Thomas is very popular in Columbia where she has frequently visited since her marriage, her home being at Somerset. She is not only a superior teacher, but she is an eloquent, ranking with the best of lady readers.

This position was unoccupied by Mrs. Thomas, and naturally she feels complimented. Her only reason for accepting it is, the love she has for the school room and a disposition to keep her mind constantly employed. We commend her to the good people of Monticello as a lady worthy of their esteem and confidence, and congratulate the Board upon securing her services.

Death of An Aged Lady.

We desire to extend our sympathy to L. H., W. E., J. F., and Charley Cabell, Miami, Green county, who were bereaved of their devoted mother, Mrs. Helen Cabell, on Thursday the 30th ult. The deceased was 82 years old and was a victim of heart trouble. Although Mrs. Cabell has been an invalid for several years, her death was unexpected at the time, and was a great shock to her sons. The deceased was highly respected, and had been a zealous member of the Presbyterian Church for many years. She was the widow of Fed. Cabell, who was generally known to the people of Green and Adair counties.

Recent troubles at Burkesville have been the cause of two factions organizing, as we are informed, and a serious disturbance is likely to break out at any time. It is reported here by parties who were recently in Burkesville, that on Tuesday night of last week there was an attempt to assassinate Mr. Jim Keene, Mr. Keene being the lively business and was at his desk in the office of the stable. Two shots were fired from the outside through the office door barely missing Mr. Keene, who claims that an attempt was made upon his life. Mr. Keene, we are told, is a member of one of the factions.

One of the most successful lady teachers in this county is Miss Estelle Willis, who is teaching this year at Elroy, one of the largest school districts in Adair, and it is our understanding that parents and pupils are especially pleased with her work. When the school year closes here, Miss Willis will return to Georgia where she taught three months, last April, May and June, and where she was so well liked that a promise was exacted from her to return again next Spring. We congratulate the people of the Georgia district for having got in touch with this very competent, highly respected and industrious Adair County teacher.

Rev. A. R. Kasey preached two very entertaining and thoughtful discourses at the Methodist church, last Sunday forenoon and evening. "The Value of a Life" was the subject of his forenoon discourses and the points advanced were convincing that parents should lead good lives before their children.

Ozark and Columbia base ball teams met again last Friday afternoon, a large crowd witnessing the game. It was an interesting meet, the Columbia team winning by a score 8 to 7.

Two large rattlesnakes were killed in the neighborhood of Chance, this county, last week. They were mates and measured four inches in diameter. They had twelve rattles each.

The institute has come and gone and all the teachers, so far as we could learn, were well pleased with the instructors, Miss Patridge and Mrs. Grinstead. These ladies are highly educated and advanced many new ideas to the teachers.

The Board of Health decided last Friday afternoon that the Lebanon poultry house and Mr. Sam Lewis' poultry house, that is the business, would have to be removed from their present locations, the order arising therefrom not being conducive to health.

Last Tuesday forenoon Mr. Jo Russell advertised in the News a wardrobe for sale. Wednesday morning he appeared at the office, saying: "Take that wardrobe ad out of your paper; I haven't any wardrobe; I have sold it." Last consummated in three hours after the News was issued.

The spelling bee at the court-house Thursday evening was largely attended and a great deal of interest was manifested. Miss Celeste Shirley and Miss Annie Bradshaw selected the spellers and Prof. A. H. Ballard and Miss Tava Reed gave. After spelling about one hour Miss Bradshaw's side won, Mrs. A. H. Ballard remaining on the floor to the last.

The court-house was crowded last Wednesday evening, to witness a teachers' contest in spelling, reading, penmanship and composition. In all the contests there were quite a number of entries. In each trial a gold medal was offered. The following young ladies were awarded the prizes: Spelling, Miss Rubie Jeffries; Reading, Miss Alberta Farris; Composition and Penmanship were won by Miss Estelle Willis and she was awarded two medals. Miss Patridge, in a happy little speech, presented the prizes.

SKULL FRACTURED.

Negro Strikes a White Man in the Head With a Pick.

The Taylor County Inquirer gives the following account of a difficulty which occurred in Taylor county, near Coburg, this county:

A fight occurred at the rock quarry near Coburg, Tuesday, during which Jim Young, a young white man, was probably fatally wounded with a pick in the hands of a young negro named Staviv White.

White was picking and Young shoveling the dirt away when some manner Young was accidentally struck.

A quarrel followed which resulted in the fatal stroke, claimed by the negro to be in self defense. The point of the pick struck Young over the left eye, fracturing the skull and penetrating the brain. The wounded man was taken to the tent at the quarry and medical aid was secured. Reports from there this morning says he is unconscious and there are no hopes for his recovery. The negro came here and surrendered to the authorities, but as all evidence seemed to be in his favor he was released until further developments.

Democratic Convention.

Democrats of Adair county met in Columbia last Saturday afternoon, the following action being taken:

J. W. Flowers was elected Chairman and J. E. Murrell Secretary.

Whereupon the following committee was appointed on resolutions: M. Cravens, Dr. O. S. Dunbar, C. S. Harris and T. E. Jeffries. The committee reported endorsing the call for a district convention to be held at London Tuesday August 4, to nominate a candidate for Congress in the Eleventh district.

It also paid high tribute to J. W. Bryan, endorsing his candidacy for the Presidency, denouncing Republican rule in general.

All good Democrats in Adair county were appointed delegates to the London convention, and they are instructed to vote for C. I. Dawson, of Bell county for Congress.

J. W. Flowers Chairman
J. E. Murrell Secy.

An Attractive Horse.

The imported thoroughbred Stallion, Bridgewater, is now in possession of Mr. J. B. Coffey, of this city. This is one of the finest stallions in the State combining size, form, color and breeding. He is a beautiful bay, over 16 hands high and as game in appearance as his rich breeding would indicate. As a race horse he has won in some of the great features on the tracks in England and as a breeder he is not surpassed in all this country, his colts selling for the highest price on the eastern market. We regard his introduction to this county of an invaluable asset to the horse, and his endurance and substance are badly needed in producing the best grade of all purpose horses. Farmers will evidently not overlook the importance of thoroughbred blood in horses.

Nineteen Cattle Killed.

Lightning has been playing sad havoc on Casey's Creek and above Roley, near Clementsville, in the last ten or fifteen days. Since Jack Beard and his team were killed, lightning has struck four or five times in that section, and it is said by a gentleman, who lives in the locality, that people have become frightened, and an uneasy feeling pervades every time clouds arise. Last Sunday week Mr. Sam Allen, who lives near Clementsville, lost nineteen cattle out of twenty-one. The cattle were under a large oak tree, which was struck with the result as above stated. The other strikes did but little damage.

Accidentally Hurt.

Mr. Calvin Neal, who lives near Emince, met with a very painful accident a few days ago. He had sharpened a bit for a Jack plane and in putting it in the stock it slipped from his hand, the sharp edge striking his right leg below the knee, cutting a very severe gash. Mr. Neal was in Columbia last Wednesday and was walking with great difficulty.

Three women preachers, of Louisville, known as "Cometeers," are now holding a meeting at Zion, in the eastern portion of this county. The services are being largely attended. Last Sunday they had all the women in the congregation to remove the feathers and ribbons from their hats. Intelligent people should encourage these women by remaining away from their gatherings.

Mr. J. B. Barbee has just finished a first-class concrete pavement in front of his residence.

W. G. Wise, the elisor of Taylor county, was held in the sum of \$1,000 for killing Kitt Bell.

The walk in front of Miss Sallie Fields' residence will be laid with concrete in about two weeks.

Theodore Floyd, aged 23 years, a son of A. M. Floyd, died at his late home, near Gentry's Mill, last Sunday afternoon. He was a victim of diabetes.

Eld. Wyatt Montgomery, of Lincoln county, called a nine days meeting at Knifley, last Sunday, receiving 64 additions to the church, 58 of whom were baptized.

Contracts for rocking the pike from Greensburg to the Adair county line have been let, and the work of putting on the metal has commenced, beginning at this end.

Rev. A. R. Kasey will be assisted by Evangelist Brown, a noted minister, in a series of meetings, to begin at the Methodist church, this place, the last Sunday in this month.

For Sale.

Mr. T. J. Epperson exhibited at this office Monday two United States ship-plasters. The denominations were 10 and 25 cents. They have been in Mr. Epperson's possession twenty-five years.

I lost my coat last Saturday near Bear Hollow, Gray checked. Finder please leave at this office. Will pay for same. R. W. Page, Cane Valley.

A daughter of Graff Abrel, near Greenville, mysteriously left her home and went to Lebanon. Friends went after her, returning with her Saturday night. It is said that her reason is dethroned.

Farm For Sale.

I have a farm containing 105 acres for sale, well timbered and watered. For particulars address. C. C. Mitchell, 35-40, Greensburg, Ky.

The young men of Adair county will organize at early day a Bryan and Kern club. As soon as the organization can be perfected speakers will be invited to address the club, and point out plans for effective work.

Basil Ashenbush, who killed Tom French in Burkesville, and was indicted for murder, was removed by Cumberland county officers to the Adair county jail, last Sunday, for safe keeping. His trial is set for the second week in September.

Mrs. Mary E. Stokes, the beloved wife of J. J. Stokes, Monticello, died suddenly on the morning of July 26. She was 62 years of age. She was the deceased was a daughter of W. H. and C. O. Outts, and was born in Wayne county. The bereaved husband is a native of Russell county. Besides the husband, five children are left. One child died in infancy.

There was not a doubt about the presence of Dan Clark at the base ball park last Tuesday afternoon. His "clever" guying attracted as much attention as the game. His many novel expressions kept the spectators, who occupied the grandstand in continuous laughter, and when the game closed it was the unanimous verdict that Dan got as much out of the contest as the boys who engaged in it.

The barbecue at "The Tan-yard," in the eastern portion of this county, last Saturday, was largely attended and most enjoyable day was spent. All the families in the neighborhood were represented. There was an abundance of everything good to eat, the meats and fish being cooked on the ground. Mr. Willis V. Horvath was present with his Kodak, catching a number of interesting pictures. The sheep was furnished by S. L. Fisher and the lemonade and ice cream by John Christie.

For Sale.

I will sell Bob Wikes, one of the greatest sons of Wikes Chief. His dam was by Cabell's Lexington. Bob Wikes is 14 years old and has proven a great sire. He lost his eye 5 years ago with pink eye but none of his colts show any weakness. I also have a good young Jack for sale. He is heavy bone and well marked. Horse will be sold to Jacob Price, Keltner, Ky. 39-21.

CAMPBELLVILLE AND MT. VERNON.

Miss Alma Carson to be Married Next Thursday Forenoon to Dr. J. H. Baugh, of Mt. Vernon.

MANY FRIENDS TO WITNESS THE CEREMONY.

Next Thursday forenoon, August 6, 1908, at the home of the bride's parents, Mr. and Mrs. J. T. Carson, Campbellsville, Ky., Miss Alma Carson will be married to Dr. J. H. Baugh, of Mt. Vernon, Ky. The ceremony will be performed, in an impressive manner, by Rev. E. D. Overton, the local pastor of the Methodist Church.

Immediately after the ceremony the couple will leave for the home of the groom where a reception will be held. The intended bride is an excellent young lady, known to nearly every body in Columbia, having been reared in this place up to her twelfth year. Her mother was Miss Mollie Atkins, and she has a large circle of relatives in the county. Mrs. C. H. Murrell, of this place, being her aunt.

The intended groom is only known here by reputation, but he is said to be a polished gentleman, a skilled physician, and exceedingly popular in his home town.

Our boys were in fine shape, forer errors being made than in any game we have witnessed for several years. Every one of the team deserves praise for keeping "good eyes," and for their fitness for foot. The feature of the game, if we are to judge, was when Jo Morris Rosenfield, who played third base, caught a swift liner, there being two out and two men on bases. He was loudly cheered, and the compliment was well merited. The Campbellsville boys conducted themselves as true Kentucky gentlemen, taking their defeat philosophically. We talked to the manager, who stated that he did not expect to win the game, knowing as he did, Stults' swiftness as a pitcher. Said he: "He is too heavy for our boys." The result was 19 to 2, as the following table shows, the figures taken from the score card:

Mr. W. A. Helm, the well-known machinist, who was formerly located at Eato, has removed his entire outfit to Columbia, his place of business being on "Boomer Road." He is a first-class machinist and is prepared to do all kinds of work. The repairing of engines, cultivators, mowers, in fact everything in the machine line is his character work. Call and see him. He also carries in stock a large quantity of mill supplies and a good line of hardware. Phone 46. (33-2m)

erty to be expended on the roads mostly needed in the district wherein said tax is collected.

Now, the officers in whose power is vested the right to contract said tax in repairing roads are contracted to give two hundred and forty dollars to the building of a macadam road from the pike to the steam mill at Cane Valley, a distance of only two hundred and forty yards. There is already a very good dirt road from the pike to the mill, whereas, the roads north and east leading to Cane Valley are impassable in the winter for wagons; in fact, they are in bad condition now. If the officers had contracted to expend half the amount on the roads leading to Cane Valley, not a taxpayer would have kicked. If we can get to Cane Valley we can get to the mill very easily.

I was born and reared in what is now Cane Valley. I gave it the name, and sold goods and was postmaster there for seventeen years. I like the place and the citizens, hence I would not say a disrespectful word of any of its inhabitants, but I do say that the appropriation to that short a road is obnoxious and contrary to the purpose for which the tax was levied. It is for the benefit of the people of Cane Valley. It will not benefit a man, woman or child a mile from Cane Valley. I am a good roads advocate, but I do not want half or more of the tax for one year expended on a little spot for the benefit of the few to the exclusion of the majority in the district. It is sheer extravagance in so large an expenditure in so short a piece of road. "This is the condemnation, that light is cast by the few and men low darkness rather than light because their deeds are evil."

P. H. BRIDGEWATER, Cane Valley, Ky., July 28th, 1908.

WILL CONTINUE LEGAL BATTLE

Uncle Sam Not Doubted by
Overthrow of Big Fine.

CASE OF THE GOVERNMENT

Within Thirty Days a Petition for a Rehearing Will Be Filed in the Matter of the Extraordinary Proceedings Against the Standard Oil Company—Reversal of Judge Landis's Decision Imposing \$29,000,000 Fine Throws the Case Back to the Point of Beginning.

Although the United States circuit court of appeals at Chicago has reversed and remanded the case of the government against the Standard Oil Company of Indiana, in which Judge Landis in the district court had imposed a fine of \$29,000,000, the government forces will continue the legal battle.

The government has thirty days within which to file a petition for a rehearing, and it will be filed within the allotted period. In his opinion, which was concurred in by Judges Seaman and Baker, dealing with the test feature of the case—a vital point—Judge Grosscup says:

"We should take up these subjects in the order stated, first, whether a shipper can without error be convicted of accepting a concession from the lawful published rate, even though it is not shown, as bearing on the matter of intent, that the shipper at the time of accepting such concession knew that the lawful published rate was a view of the law that is embodied in the charge and carried out in the ruling excluding certain proffered testimony, including that of one Edward Bogardus, who, being in absolute charge of traffic affairs of plaintiff in order offered to testify that during that period he did not know anything about an 18-cent rate over the Alton railroad; that his attention had never been called to any such rate by any person or by the examination of any document and that it was his understanding and belief based on what he was told by one Holland, tariff clerk of the Alton railroad, that the rate over the Alton was 18 cents, and that such rate had been filed with the interstate commerce commission."

Judge Grosscup's opinion leaves little of the contention that can be carried at the six cents rate constituted a separate offense. Even the shipments, of which there were about 500, could not be so considered under the ruling of the court. The fine should have been based on settlements between the railroad and the oil company. Of these there were just thirty. The maximum fine on this basis would amount to but \$720,000, and the minimum \$28,000.

In the event a rehearing is denied the government may be to trial on the original indictment containing 1,462 counts—an action which the district attorney says could be ready to take within two weeks—or upon any one of seven other indictments containing 4,422 counts. As an asset amount of work has been done on the case just decided, it is unlikely that an entirely new case will be instituted. The record of the present case contains over a million and a half words, and is estimated to have cost the government \$200,000.

Another move which may be made by the federal authorities is to transfer the prosecution from this jurisdiction to the western New York district or the eastern New York district. In these two districts the government investigation led to indictments containing about 2,000 counts against the Standard Oil company.

CHAFFIN WOULD FIGHT FOR IT

If Elected, Probi Nominee Would Plead with the Army.

Eugene W. Chaffin, presidential nominee of the Prohibition party, has lately been discussing campaign issues as they bear on the Prohibition platform in the towns adjacent to Chicago.

"If I am elected president of the United States," he said in one of his speeches, "I will call a national congress which will pass a prohibitory law, and if there are any communities that refuse to obey the law, and the civic authorities are unable to enforce it, I shall use the power conferred upon me by the constitution and call out the militia, the standing army, and the navy and enforce prohibition on every inch of territory under the American flag."

Mark Made the Committee.

Chicago, July 22.—At the conference here between Mr. Bryan, Mr. Kern and the members of the executive committee of the Democratic national committee, Norman E. Mack of Buffalo was named chairman of the Democratic national committee. The other officers chosen are: Vice-chairman, Dr. L. P. Hall of Nebraska; secretary, Urey Woodson of Kentucky; treasurer, Governor C. N. Haskell of Oklahoma; sergeant-at-arms, John J. Martin of St. Louis. Headquarters will be established in Chicago.

TAFT NOTIFIED

The Republican Nominee Hears Good News in Cincinnati.

In delivering his speech of acceptance at Cincinnati Tuesday, William H. Taft, the Republican national convention's nominee for president, paid a high tribute to the "Roosevelt policies." His formal address in accepting the news of his nomination, conveyed by the convention's representative committee, started off with a glowing reference to the political course of President Roosevelt, referring to the latter as "the man who formulated the expression of the popular conscience." The nominee then declared that the chief function of the next administration "is to complete and perfect the machinery by which these standards are to be maintained." The nominee then paid his respects to the Democratic platform and gave his views regarding the railway and trust questions and the national control of interstate commerce. He upheld the continuation of capital as an economic movement in manufacture, pointed out the difference between "good" and "bad" trusts and showed how the latter ought to be regulated. The nominee expressed his confidence in the Republican party and its platform, and he then pointed out that labor cannot win in the way of boycotts and such measures without creating injurious class distinctions. In this connection the nominee gave a careful statement of his views regarding the power of court injunctions, concluding that "never in the history of the country has there been such an insidious attack upon the judicial system as the proposal to interject a jury trial between all orders of the court made after full hearing and the enforcement of such orders."

The currency system and the need of new legislation along that line was then dealt with by the nominee, who expressed himself in favor of postal savings banks, at the same time objecting to the proposal to insure bank deposits. Our relations to the Philippines and other island dependencies received attention and the party's attitude toward the rights and progress of the negro was outlined in the customary phrase. On the question of the publicity of campaign contributions, the nominee declared that the treasurer of the national committee, being a New Yorker, was subject to the laws of that state in this matter, "and a misstatement by him or the filing of a false statement will subject him to prosecution for perjury and violation of the statute."

The notification ceremonies took place on the spacious front porch of the residence of the nominee's brother, Charles P. Taft, and were followed by a big parade of local and visiting politicians and citizens. The feature being largely non-partisan in character.

NEW PARTY IN FIELD

Independents the Latest Applicants for People's Suffrage.

President—Thomas L. Higen, of Massachusetts.
Vice President—John T. Graves, of Georgia.

Chicago, July 22.—The above ticket was last night nominated by the Independence party at its first national convention.

The friends of Mr. Bryan made an effort to bring his name before the convention, and the man who attempted it nearly produced a riot and narrowly escaped physical violence at the hands of the indignant delegates. The man who sought to place Mr. Bryan in nomination was J. L. Shepard of Ft. Scott, Kan. He did not succeed in his mission, for, being called to order by the convention and questioned by Chairman Charles A. Walsh, he admitted that it was his intention to place Mr. Bryan. That was the first and last time he mentioned the name of the Democratic leader. He was promptly ruled out of order by the chairman, and under the guard of several sergeants-at-arms, he was hustled out of the hall, while some of the incensed delegates vainly attempted to strike him with fists, and one of them swung at him with a cane.

The nomination of Mr. Higen was made on the third ballot, his chief competitors being Milford W. Howard of Alabama and John Temple Graves of Georgia. Reuben R. Lyon of New York secured a commendable vote on the first ballot and William R. Heerst had forty-four friends who voted for him on the first two ballots.

The nomination of Mr. Graves was made unanimously, all the other candidates having been withdrawn.

The Chair for Herron.

New Brunswick, July 23.—Archibald Herron, the former blacksmith, who shot and killed the Rev. S. V. B. Prickett, a Methodist minister, on July 15, was convicted of murder in the first degree and sentenced to be electrocuted at Trenton on Sept. 7.

To Give Up Active Service.

Washington, July 23.—Announcement is made at the navy department of the retirement next Saturday of Rear Admiral W. S. Cowles, brother-in-law of President Roosevelt.

The visit of the Prince of Wales to Quebec has come to an end and the prince, abiding the battleship Indomitable, is sailing homeward.

THEY DO A GOOD JOB

After Years of Struggle Young Turks Force the Sultan to Grant a Constitution.

ABDUL HAMID BROUGHT TO TIME

To the Surprise of All Observers of the Progress of Events in Turkey, Abdul Hamid Fakes Up to the Realization of the Fact That His Last Prop Had Been Knocked Out From Under Him—With Army Refusing to Do His Autocratic Will, He Found It Time to Grant Popular Concessions.

Constantinople, July 23.—After thirty-two years of autocratic rule under Sultan Abdul Hamid II, Turkey again has been granted a constitution. An Imperial irade has been issued ordaining that a chad be assembled. This present constitution is practically a restoration of the one proclaimed Dec. 23, 1876, by the present sultan, immediately following his elevation to the sultanate, after the death of Sultan Abdul Aziz, June 4 of that year and the deposition of Sultan Murad V, on Aug. 31, 1876.

This action on the part of the sultan, which came as a complete surprise to all observers of the progress of events in Turkey, was wrested from him by the Young Turks, a secret party that has been working for a good many years for the establishment of a constitutional government in the realm of the sultan. It all fell the Young Turks and representatives of the various races and creeds in Macedonia, met in Paris and decided to concentrate their energies on bringing about a government for Turkey that should be modeled on the Western system. The efforts to this end were characterized by a quiet determination, and few people were aware to what extent the propaganda had flourished and taken root. About ten days ago there began to come reports of mutinies among the Turkish troops in Macedonia, and it was declared that the Young Turks had succeeded in winning over 90 per cent of the Turkish army officers to their cause. This was cutting the ground out from under the sultan's feet, and the last straw was broken when the sultan learned that the wild people of the Albanian country would support him no longer, but had joined the Liberal movement and were calling loudly for constitutional reforms. Then suddenly the sultan decided to bow to the inevitable rather than face the alternative, a revolutionary war break throughout all Macedonia.

Up to the present day Turkey has been a "theocratic absolute monarchy," subject to the direct personal control of the sultan, who has been at once temporal autocrat and recognized khali, or successor of the prophet, and consequently spiritual head of the Moslem world. This theocratic absolutism has been tempered not only by traditional usage, local privileges, the judicial and spiritual precepts of the Koran and its Ulama interpreters and the privy council, but also by the growing force of public opinion and the direct and indirect pressure of the powers of Europe.

Rejoicing in Constantinople. Constantinople, July 23.—Sunday was given up to the democratic rejoicings and speeches in the general rejoicing over the promulgation of a constitution by the sultan. All the steamers on the Bosphorus were gaily decorated with flags and 10,000 people who marched in procession to the Yildiz Hosk cheered the sultan continuously.

Faith of The Fathers.

The Philadelphia Record, an old line Democratic paper that opposed Bryan in 1896 and in 1900, pledges him its support this year in the following editorial:

"Under a deep sense of the responsibility therein involved, the Record has determined to support the candidates of the Democratic party. There is a drift in both parties away from safe constitutional moorings. But on immediate and vital issues that divide the political opinion of the Nation the Democratic party is most firmly rooted in the faith of the fathers.

"For 30 years the Record, day in and day out, has striven for tariff reform. It will fight on under the lead of Mr. Bryan, who believes the protective principles not only unjust, but unconstitutional. It will fight on for unfettered trade and equal rights and, under whatever leadership the war is waged, in the belief that the good of the masses is deeply involved in the result."

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The world of Electric Bitters as a general family remedy, for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at T. E. Paul's drug store. 50c.

The hopes of the good people of Caney Fork and those living on the Greensburg road to secure Free Rural Delivery seems by some hook or crook to have fallen flat.

The long continued drouth in this section which has prevailed since the 16th of May, was broken last Sunday. The dry weather cut the wheat crop short and the spring oats were not worth harvesting. Meadows were less than half a crop. Corr. has been cut short to some extent.

Mrs. Frank Buchanan, of Louisville, after spending several weeks visiting her parents and other relatives here returned home last week.

The sale of Dr. J. J. Booker last Saturday at Camp Knox was well attended and every thing sold reasonably well.

Mrs. Malissa Christie, and son, Norman, of Columbia, visited their old home place and children on Caney Fork last week.

Two children placed by the Baptist Orphan Home, of Louisville, with "uncle" John Groves, of Camp Knox, several years ago, were taken back by the managers recently.

Work on the Green county pike has been going on at a rapid rate. The grading is almost completed. There has been some hinderances, but we are determined to build the pike, and when completed will be the pride of Green county. The grade is the easiest in all of this section. Columbia and Adair county citizens should get a move on themselves and build their end of this pike.

Mr. and Mrs. J. T. Taylor, of Camp Knox, who have been visiting their children in Missouri and Kansas for the past three months have returned home.

Mr. Robt. Chewing, of near this place, had the misfortune one day last week to fall from a peach tree hanging his foot and twisting his leg and broke both bones above the ankle. A fall from a barn several years ago was probably the cause of him being an invalid until recently. His many friends will be sorry to learn of his misfortune.

Women Inclined to Constipation

Women, owing to their peculiar functions, are prone to constipation, and many of their other ills are due to this congestion in the bowels which fills the blood with impure matter that permeates the entire system. In most cases, foul breath, bad complexion, sick headache and such like ills are primarily caused by constipation or indigestion.

Women should be happy to learn of a remedy that cures constipation and indigestion, and that has such other ingredients as purify the blood and tone up all the digestive organs. This remedy is Dr. Caldwell's Syrup Pepsin, which can be bought at any drug store for 50 cents or \$1 a bottle. Women have been curing themselves with this remedy for sixteen years, and the offer of a bottle will stand today, that you buy Dr. Caldwell's Syrup Pepsin with the understanding that it will do as claimed or your money will be refunded.

This great new laxative compound is especially suited to the delicate system of women because of its gentle but insistent action. Its pleasant taste and its freedom from griping does not weaken like purgatives and cathartics, but builds up and strengthens the system. It is a permanent cure and should be as steadily in use as the salt in the water. Women use it themselves and give it to children. It is guaranteed to do what a good laxative should do. It is sold by Dr. J. C. Caldwell, 1001 Market St., St. Louis, Mo. It is glad to say that it is recommended by the highest medical authorities and is to American womanhood. She is sure to find it a most valuable remedy for all her ailments. You who have never used it should begin today. Try a bottle. It is only one of the many to the day that you start the use of Dr. Caldwell's Syrup Pepsin. It is guaranteed to do what a good laxative should do. It is sold by Dr. J. C. Caldwell, 1001 Market St., St. Louis, Mo. It is glad to say that it is recommended by the highest medical authorities and is to American womanhood.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin should send to their nearest drug store a card asking for a free trial. This card will be sent to them and they will receive a bottle of the medicine. It is only one of the many to the day that you start the use of Dr. Caldwell's Syrup Pepsin. It is guaranteed to do what a good laxative should do. It is sold by Dr. J. C. Caldwell, 1001 Market St., St. Louis, Mo. It is glad to say that it is recommended by the highest medical authorities and is to American womanhood.

DEMOCRATIC TICKET

For President,
WM J. BRYAN, of Nebraska.
For Vice-President,
J. W. KERN, of Indiana.

There is no use to quibble over matters of minor importance, nothing to gain in holding up the scare-crow of disaster to business if a change in the National administration should occur. A change is needed and every man in touch with the business conditions of the country knows it. Rank partisan prejudice may blind some to the real needs of a change, pie hunting may lead others to an extreme end, and party loyalty will hold many more to a policy and a candidate in whom they have but slight hope of relief, but the great battle is on and regardless of who wins the country will still exist. It is not so much the grievous conditions under present business stagnation that should alarm the people, but the policy under which such conditions were the natural and true results. For many years our government was maintained under a policy so closely allied to the constitution and so thoroughly democratic in its administration that no truer republic existed and through all that period its industries, development and national greatness advanced steadily, firmly and constantly, but a change of party, a change in policy dating back nearly a half century, brought a change in conditions which does not measure up to the high ideals outlined in our constitution or contemplated by the founders of our government. Equal justice for all, unhampered opportunity for the great body of people has been displaced by special privileges for the few, resulting in tremendous fortune on the one side and increasing penury on the other—the trusts in the saddle and the people at their mercy. These conditions can not be changed without a change of policy. A change of policy will not occur unless the great body of people demand it through a different party. It can not be accomplished otherwise and the sooner it is done the better will be the results. If the republican party is not responsible for the creation of trusts, if it is not allied with corporate interests and special privileges then its mission is a failure for within its reign these things were born, and matured. Under Mr. Roosevelt no change has occurred except a severe panic and Mr. Taft is pledged to continue the same. Mr. Bryan stands for a change—pledged to the people and against special interests. He is firm, able and honest and no one need have the slightest doubt as to his noble purpose. His election would brighten the industrial

situation and his administration would be within the limits of the constitution.

The first authentic outline of Mr. Bryan's plan of campaign was announced last Wednesday at Fairview. A few prepared speeches will be made at central points, and nearly all of them will be made by the first of October. During the month of October he expects to remain at home and assist in the educational work of the campaign through the discussion of public questions, in the form of interviews, signed articles and letters. Mr. Bryan announced that in coming speeches he will discuss Mr. Taft's address delivered Tuesday at Cincinnati. The Bryan notification will take place at Lincoln, at noon, August 12th.

William Howard Taft was formally notified of his nomination for President of the United States by the Republican party at Cincinnati last Tuesday. The exercises were held at the home of the candidate's brother, Chas. P. Taft. Senator Warner, of Missouri, chairman of the notification committee, made a brief speech and Judge Taft in reply spoke for an hour. A general holiday was declared in Cincinnati, and parades and fireworks completed the day's celebration.

Democratic clubs should be organized in every voting precinct in Adair county. It is conceded by Democrats and Republicans throughout the United States that the hardest battle ever fought for the Presidency is now on. There is scarcely a doubt but Kentucky is safely Democratic, but an earnest and persistent effort should be made to cut down the Republican majority in Adair county. Less get busy and keep moving until the November election.

Four negroes were lynched at Russellville last Saturday morning. They were taken from jail, charged with being implicated in the killing of a white man. Mob law should be condemned by all good citizens. When accused are in custody they should be given the benefit of a fair trial.

A fireman on the steamer Horda, was taken to the Swinburne Island Hospital at New York suffering from yellow fever. The Horda had arrived from Mexico. It was held in quarantine for disinfection.

Hon. Ben. Johnson, shrewd Congressman from the Fourth district, has been selected as Chairman of the State Democratic Campaign Committee. His corps of assistants will be able men and workers.

The despised dog law tax, passed by a Democratic Legislature, has paid for all the sheep killed in Kentucky and left a balance of \$90,000 in the State treasury which goes to the school fund.

Banks must pay on capital stock, as the Secretary of State has been advised by Attorney General Breathitt that the State Banking Act compels full payment of capital by banks.

The primaries in the Ninth district indicate that Hon. Jas. N. Kehoe will receive the Democratic nomination for Congress. E. B. Hager was the contending candidate.

The Republican leaders are trying to kidnap the vote and influence of organized labor, but the past, the recent past prevents the deal.

Chairman Norman E. Mack, of the Democratic National Committee, says he will spend nearly all his time in the West during the campaign.

Mr. Bryan has completed his speech of acceptance and will make the final correction in the proofs to-day.

Institute Resolutions.

Whereas, the Adair County Teachers' Institute is about to adjourn, be it resolved.

9th, That we approve our new school law passed by the last Legislature.

10th, And be it resolved that each of the county papers be furnished a copy of these resolutions with request to publish.

TO PEOPLE OF ADAIR COUNTY!

It takes money to run a campaign and it takes a great deal of it to successfully engineer one of national scope. The present attitude of the Democratic party excludes contribution from the powerful corporations and trusts and consequently must rely on the loyalty, patriotism and free-will offerings of the great common people to meet the demands of legitimate campaign expenses and the sooner this is met the more life, enthusiasm and effectiveness will be given the work necessary to win. It is the duty, as well as a privilege, for every person who believes in and desires democratic success to contribute to this fund. A request has been made that Democratic papers solicit for this purpose and forward same to the National Committee. We obey the suggestion and ask every true Democrat to help in this fight to restore to the great bulk of the people their rights, their privileges and the blessings of a free government. Any amount from one dollar up will be cheerfully received and promptly forwarded to the Committee. Fill out the following and enclose your contribution:

The school election passed off quietly here. We don't suppose the ballots will be counted for three days. Who was it that said the school law and dog law were not good ones?

COURT WENT FISHING

And Half the Bench Was Caught Most Unjudiciously Lying.

Frankfort, Ky., July 29.—Fishing is a pastime which appeals especially to the legal mind, it is said, and nearly every judge of the court of appeals of this state is an earnest and ardent fisherman. Judge Settle, one of the associate judges of the court, was talking fishing the other day and told the following story of how the court once went fishing in Elkhorn:

"We went out early in the morning and divided our forces. With me were Judge Pryor and Judge Nunn. Judge Hazelrigg, Judge O'Rear and one or two others went off in another direction up the creek from us. We fished along all morning and did not get a bite. Just before noon a native showed up with a pretty string of fish. He had about fifteen fine fish and we bought the bunch for \$2. Judge Pryor made the man agree to back up his statement that he made concerning the fish."

"We reached the camp first and cleaned and cooked the fish. While they were frying Judge Hazelrigg and his party came up. They expressed surprise that we had had such good luck."

"Yes, we had pretty fair luck," said Judge Pryor, "but of course one has to be skilled to really catch fish. It is not all luck, but requires science. How many did you fellows catch?"

"Judge Hazelrigg admitted that he had no luck at all, and had come home empty-handed. Judge Pryor then went on to tell how each of the fish had been caught, giving a graphic description of how I had hauled in the largest and how Judge Pryor himself had paid for them. He said Judge Nunn had been less successful than any of the others and had only caught two. Judge Hazelrigg and the others let me go alone until we had fully committed ourselves and had strung out long talks about fishing skill, when Judge Hazelrigg spoke up: "You all are awful liars. Now that man with that string of fish passed up this morning and wanted to sell us those fish. But I said to the others, 'No, we won't buy them. Let him go on down stream and he will pass Settle and Nunn and Pryor and they will buy the fish and we will have them for dinner without paying for them.'"

"That ended our fish tales."

WEST VIRGINIA DEMOCRATS

Interesting Fight for First Place on Ticket at Charleston.

Charleston, W. Va., July 29.—The principal fight in the Democratic state convention, which met here today at noon to put a full state ticket in the field, is expected to be over the nomination for governor. The three avowed candidates for the nomination are Louis Bennett of Weston, Adam B. Littlepage of Charleston, and Prof. Thomas E. Hodges, a member of the faculty of the West Virginia University at Morgantown. Both Mr. Bennett and Mr. Littlepage expressed confidence today in their ability to win on the first ballot.

For secretary of state, H. L. Van-Sickler of Greenbrier county is the only candidate, and the nomination will probably go to him by acclamation. The other places to be filled and the candidates for them are as follows:

For auditor, E. J. Holt of Pocahontas, Austin Jenkins of Wood county, C. M. Wetzel of Jefferson; attorney general, O. J. Chambers of Boone, E. H. Morton of Wayne, and S. D. Stokes of Mingo; for treasurer, Dan Moorman of Cabell, Homer McKinley of Harrison; for superintendent of free schools, T. C. Bush of Boone, M. B. Helmick of Randolph, and A. S. Lee of Jackson.

W. E. Clifton was named as temporary chairman, and R. E. Horner of Parkersburg as secretary. The full vote of the convention is 1,162.

False Report Sent Out.

South Bend, Ind., July 29.—John W. Talbot, president of the Order of Owls, announces that he has caused attorneys to investigate the reports sent out from Chattanooga, Tenn., to the effect that criminal proceedings would be instituted in the federal court against him by former members of the order for writing letters which were said to be unavailable. The attorneys report, according to Mr. Talbot, that neither has a warrant been issued, nor have any charges been filed with the government officers. It is said that one of the parties expelled from the lodge gave out a newspaper interview objecting to the statement of reasons for revoking the charter of a lodge, and this led to the report that the matter would be taken into the courts.

15-Year-Old Husband a Suicide. Sergeant, Ky., July 29.—Leonard Hall, the fifteen-year-old son of Elder Joseph Hall, a Baptist preacher at Hilliard, committed suicide in the home of his father by shooting himself with a shotgun. For several weeks the boy had been despondent and it was feared he would have to be placed in an insane asylum. He was married two months ago to little Miss Rhoda Fidler barely twelve years old, his school mate, with whom the boy husband had not lived happily.

Professor Climbed Some. Chamond, July 29.—Prof. Hobbs of Ann Harbor, Mich., has made a record ascent from the Grands Mulets to the summit of Mt. Blanc, taking seven and a half hours for the round trip. The best previous time was eight hours.

Struck By Lightning.

A severe electric storm passed over this section last Tuesday afternoon and did considerable damage.

A barn belonging to John Creed Nunn, in the Three Springs section, was burned. The barn was a very good one and in it were sixty-four bushels of wheat and a mule; the latter being worth \$125.

A tobacco barn belonging to Charley Faulkner, of Toledo, was struck and burned. It contained a buggy, a new corn drill, 14 loads of clover hay, about 1,500 tobacco sticks and some other tools. The barn and contents were valued at about \$300.

Seven sheep belonging to Albert Vanzant, near this place, were killed. They were under a tree which was struck.

A corn crib on the farm of J. R. Wilson was struck, and although badly splintered and torn up was not fired. In the crib were about eighteen men, several of whom were shocked but none injured.—Edmonton News.

Vegetation and The Moon.

Planting in the moon has ever been regarded by a large majority of folks as a superstition unworthy of the intelligence of this age, and often the moon-planter is derided openly and is secretly regarded as lacking in ordinary good sense. But at least a scientist in scientific France has come over to the side of the moon-planter and declares that there is method in his madness. And why not if it is true, as nearly all scientists agree, that the tides are evidences of the moon's influence upon the earth? But it is not designed to discuss the question here, but simply to give assurance to the so-called moon faddists that at least one prominent scientist—and possibly more—is on their side, which ought to entitle them to more of the respect of their neighbors.—Field and Farm.

Remedy For Choking.

"Raising the left arm as high as you can will relieve choking much more rapidly than the act of thumping one's back," said a physician, "and it is well that everyone should know it, for often a person gets choked while eating where there is no one near to thump him. Very frequently at meals and when they are at play, children get choked while eating, and the customary manner of relieving them is to slap them sharply on the back. The effect of this is to set the obstruction free. The same thing can be brought about by raising the left hand of the child as high as possible and the relief comes much more quickly. In happenings of this kind there should be no alarm, for if the child sees that older persons of parents get excited the effect is bad. The best thing to tell the child is to raise its left arm and immediately the difficulty passes away."—Ex.

The next President who starts out to name his successor will confer a favor on the delegates by having the convention held at the White House, thus reducing the expense considerably.

As Goes New York.

"There have been all told twenty-nine elections for President since the foundation of this republic, in which New York took part, and in every case but four New York has been on the winning side."

"In 1789 New York did not vote. In 1812 New York voted for a favorite son, De Witt Clinton, and therefore may fairly be said not to have made the fight on purely political grounds. In 1856 New York cast its vote for John C. Fremont, and in 1868 for Horatio Seymour. In these two instances alone out of twenty-nine elections did New York fail to gauge and go with the popular majority. It is true that New York supported Tilden in 1876, and Hays was seated. But Tilden had the admitted popular majority."

"How remarkable is this achievement on New York's part will appear better when we recall that New York has again and again reversed itself, only to show that it changed in time to be on the winning side. For example, in 1824, New York supported Adams against Jackson, and Adams won, though the election was held by the House of Representatives. As the next election, in 1828, Adams, the Federalist, and Jackson, the Democrat, both ran again, and New York changed its support to Jackson, who won easily."

"In 1836 Adams, Federalist, and Van Buren, Democrat, were the candidates. New York supported Van Buren, and Van Buren won. But in 1840, with the same candidates, New York reversed its vote, and Adams was elected. New York changed its politics at every election from 1836 to 1856, and each time as New York went so went the Union."

"In 1876 New York voted for Tilden, in 1880 for Garfield, in 1884 for Cleveland, in 1888 for Harrison, in 1892 for Cleveland, in 1896 for McKinley. Since 1896 New York has been Republican. The old spell is, therefore, not yet broken, and the political sagacity and importance of New York still remains the most decisive factor in national elections."—Richmond Times Dispatch.

Smaller wonder than that Mr. Roosevelt and Mr. Taft are begging Mr. Hughes to eat crow in the hope that his instance of devotion to the will of the machine will induce his followers to stand fast. They have not forgot that, at the election two years ago, Mr. Hughes was the only member of his ticket to escape defeat, and they recognize that Mr. Bryan is to-day stronger in New York, as in the rest of the country, than he has ever been before.

The Republicans have good reason to fear the result in New York, and with New York lost Mr. Taft's hope of the presidency is lost.—Louisville Times.

NEWS OF KENTUCKY

Terstiy Told Information Concerning
Matters of Current Interest
to Kentuckians.

THE STATE NEWS IN A NUTSHELL

Here Are Found Accurately Detailed
the Happenings of the Largest Im-
port Which Are Attracting Atten-
tion Throughout Kentucky.

Hopkinsville, Ky., July 29.—The
Louisville and Nashville Railway has
been warned by "Night riders" to
move the camp of militiamen from
their right of way at Guthrie or "suf-
fer the consequences". Militiamen from
Owensboro have arrived here and have
been assigned the duty of protecting
the property of the Illinois Central
railroad in Trigg and Caldwell coun-
ties. No new outrages have taken
place since the burning of the three
stations on the Illinois Central lines.

FEARS THE NIGHT RIDERS

John Stephens is a Fugitive, and His
Farm Is Going to Ruin.
Paducah, Ky., July 29.—John Stephens,
a farmer of the Lamasco section, in
Lyon county, the heart of the night
rider district, is a fugitive in Paducah,
while his farm is going to ruin, be-
cause he fears to return to attend to
his crop.

On the night of July 13 he was tak-
en to an old well near his home, his
hands were tied with wire and bond-
lers were fastened to his feet by night
riders, who thought he was the leader
of the militia of the organization, includ-
ing a plot to rob the bank at Eddy-
ville, to County Attorney Krone. He
convicted them of his good faith and they
released him.

Buddy Nickle, who lives between
the Tennessee and Cumberland rivers,
and testified against Dr. E. Champion,
the only night rider convicted, was
taken out and abused and has fled to
Missouri. County Jailor Enoch Prince
of Lyon county, has served notice on
the soldiers that they must evacuate
the house. County Judge Crum-
baugh says they will remain.

Hawaiian Naval Reserve.

Honolulu, July 28.—A movement has
been started here for the organization
of a naval reserve force, to be recruit-
ed very largely from the native Ha-
waiians. The matter was discussed
with the officers of the Atlantic base-
ship fleet during its recent stay here
and met with hearty approval of all
those whose opinion was asked. The
native Hawaiians are considered
splendid material for a naval reserve
force because of their adaptability to
sea duty.

Close Shave for the "Wets."

Georgetown, Ky., July 29.—In one of
the most exciting local option elec-
tions in the history of this city the
"wets" secured the victory by a ma-
jority of one vote. Women and chil-
dren took part in a canvass of voters,
marching through the streets singing
hymns and buttonholing prospective
voters. Bells were tolled all day and
brass bands visited all polling places,
the excitement and noise ceasing only
when the polls closed.

Fireman's Fatal Illusion.

Columbus, O., July 28.—Jumping
from the cab of his engine on the
Pennsylvania line to escape what he
thought was certain death by a colli-
sion with an engine which seemed to
him to be on the same track, but which
was in reality on another track, Frank
R. Morris, a fireman of Westerville,
received a fracture of the skull with
other injuries which resulted in his
death a short time later.

Ex-Night Rider Shot From Ambush.
Hopkinsville, Ky., July 28.—Walter
Goodwin, a farmer, who at the last
term of the county court, gave the
names of seven men who, with him-
self, composed a night rider squad at
Center Furnace, was shot from am-
bush and seriously wounded. Until
recently he has been under the con-
stant protection of the militia.

Died of Old Age.

Owensboro, Ky., July 25.—William
T. Owen, the Nestor of the Owensboro
bar, and former circuit court judge of
the sixth judicial district is dead here
from infirmities incidental to old
age, he having been born in Kentucky
in 1823. Mr. Owen is an uncle of
United States Senator R. L. Owen, of
Oklahoma.

To Secure Bond Issue.

Lexington, Ky., July 29.—The Lex-
ington & Interurban Realty company
has filed a mortgage to the American
Guaranty and Safe Deposit company
of Philadelphia, for \$600,000 to secure
a bond issue that will run thirty years.
The money will be used for the im-
provement of the lines in this city.

Murderer Found Dead.

Louisville, Ky., July 29.—The body
of Philip B. Hans, who shot and killed
Arthur W. Kraft and badly wounded
Mrs. Kraft, was found lying near the
highway a mile from St. Matthews, a
suburb. Hans had shot himself
through the head.

Lightning Kills Farmer.

Madison, Ind., July 28.—Willard Bell,
a wealthy farmer, living opposite Mad-
ison, took refuge under a tree, and he
and his two horses were struck and
killed by lightning.

POPULAR TRIUMPH

Bryan's Selection a Victory For
the People.

LAOR IN THE CAMPAIGN.

Reasons for the Belief That the Vote
of Organized Workingmen Will Go
Largely to the Democratic Candidate
Hearst's New Party an Outgrowth
of Personal Pique.

By WILLIS J. ABBOT.

The center of Democratic political
activity after shifting from Denver to
Lincoln has shifted now to Chicago.
On the 25th of July Mr. Bryan met
here with the subcommittee of the na-
tional committee which had been se-
lected to choose a national chairman.
The Republicans waited nearly three
weeks after their nominations before they
determined upon the man who should
be the manager of the Democratic cam-
paign. I do not think they made any
mistake in selecting Frank H. Hitch-
cock, for his experience in gathering
delegates for Taft has given him a
knowledge of the national situation
such as no other man in the Republi-
can party whose name was mentioned
possessed.

The Democratic party faced a differ-
ent problem. Nobody gathered up any
delegates for Mr. Bryan at Denver.
Official enjoying a salary and having at
his command the names of all the
postoffice employees of the United
States was sent out over the entire
nation to find men willing and able
to carry their primaries, their districts
and their states. The overwhelming
victory over Mr. Bryan at Denver,
perhaps it would be better to say the
wonderful outburst of devotion to
the cause which he represents there
was due to no sort of political manipu-
lation, had no aid from any office-
holder—because the Democrats have
not received the names of the entire
whenever. It sprang from the belief
of the American voter that here at
last was a man who appealed to the
people and who neglected the politi-
cians. I do not exaggerate when I
say that what was accomplished at
Denver, practically without any or-
ganization or any expenditure of money,
paralleled what must have cost the
Taft forces at Chicago quite a million
dollars.

But that very triumph, won by vol-
unteers alone, each working in his own
section of the country, made it all the
more difficult for the Democratic na-
tional committee to choose a chair-
man. There are men of loyalty, ability
and absolute devotion within the
party who might have been drafted,
though few care to undertake such a
task. But one had, like Mr. Hitch-
cock, traveled the whole country, seek-
ing for proselytes to his cause. Many
have a national reputation. None except
Mr. Bryan himself has a national
acquaintance.

Chairmanship Timmer.

Here are some of the names dis-
cussed, and, with a long experience in
Democratic politics, I can fairly say
that each one is fit for the work.
Hon. D. J. Campan of Detroit.—Mr.
Campan was the man who in 1906
nearly single-handedly won the nomi-
nation of the Michigan delegation, which
justified the seating of the silver
delegation from that state. The vote
of the Michigan delegation was essen-
tial in the state of Michigan for the
nomination of Bryan, but to the triumph of
the radicals in the Chicago convention.
After the convention Mr. Campan be-
came chairman of the executive com-
mittee, worked in and out of season
and made a contribution to the cam-
paign for which he, as a volunteer
refusing man, would not like to
have me record here.

James R. Kerr of Pennsylvania.—Mr.
Kerr led the fight against Guffey, the
Standard Oil magnate, in the recent
convention and won it. He is a man
of means and of national experience.
He has been in congress and served
twice as secretary of the congressional
committee, a position which gave him a
group upon national politics. In this
state, however, he is a man of indomitable energy and of
wide knowledge of national political
management.

J. T. Atwood, National Commit-
tee-man from Kansas.—Mr. Atwood has
been throughout his political career a
loyal and progressive Democrat. He
is a lawyer of high standing and nec-
essarily for that reason has engaged
somewhat in corporation practice.
This fact should hurt him seems
incredible, yet it will undoubtedly be
raised to his detriment. Nobody can
speak for Mr. Bryan in this matter
of the selection of a chairman, but at
least it may be said that Mr. Bryan
was in no way adverse to the choice
of Mr. Atwood.

Senator R. F. Pettigrew.—Mr. Pettigrew
is one of the keenest politicians in
the Bryan movement and one of the
most loyal. His name has been most
widely suggested for chairman of the
national committee, but he himself will
not be presented. I think, I think I
may say authoritatively that he will
be glad to serve in a subordinate ca-
pacity on the executive committee, the
committee which really conducts the
campaign.

T. E. Ryan of Wisconsin.—Mr. Ryan
is a man of untarnished Democratic
record, a man possessing the physique
necessary for the hard work of the
coming campaign and one who since
he was elected R. F. Wall, Democratic
national committee-man for Wisconsin
has never wavered in the cause. He is
a member of the committee appointed
to select the national chairman.
There is J. E. Lamb of Indiana,
a tried party wheelhorse of that state

and a man who has long been close to
the vice presidential nominee. Then,
too, come Norman E. Mack of New
York and James D. Sullivan of Nebra-
ska. And, finally, though by no means
least in the list, comes Ollie James of
Kentucky. No closer friend has Mr.
Bryan had in the house of representa-
tives for years past than James. Holding
as he does a district in a state
which the Republicans profess to con-
sider doubtful, although we do not
bordering upon Illinois and Indiana
and not far from Ohio, the three de-
batable fields of the forthcoming fight.
James is geographically well placed.
Personally he is a fighter, a man with
a keen knowledge of politics, with na-
tional acquaintance and of national
reputation.

The Hearst Outbreak.

Chicago is about to witness what
one of Mr. Hearst's editorial writers,
all of whom have to be politicians on
the side, describes as an "epoch mak-
ing political convention." It is called
to launch a new political party. In a
cablegram to Mr. Gompers of the
American Federation of Labor Mr.
Hearst declared himself as being dis-
gusted with both old parties and de-
termined to launch a new one for the
regeneration of mankind and for the
uplifting of the working people. No-
body has a better right to express an
accurate opinion about both old parties
than Mr. Wm. William Randolph
Hearst. When it served his purpose
he has clutched at favors from either
the Democratic or the Republican or-
ganization. But for him California
would long ago have had a Democratic
governor, but there he found it to his
political advantage or to the profit of
himself or of some of those employees
whom he allows to dominate him to
support any ticket whatsoever that
would beat the Democratic ticket in
New York. He has been independent,
Democratic and Republican by turns.
When he was an independent candi-
date for mayor and beaten he spent
four years crying for the opening of
the ballot boxes only to find that the
ballots did not reverse the original
finding in his case. He traded on the
alleged fraud against him long enough
to get a Democratic nomination for
governor and was beaten by 57,000
votes when every other man on the
Democratic ticket was elected.

That may have been one of the
things that disgusted Mr. Hearst with
the Democratic party. And so, being
disgusted, he turned to the Republican
party and compelled his personally
chosen and conducted political organi-
zation to fuse with the Republicans
in order that one of his employees
might be elected sheriff of New York
and thus secure for the enormous fees
and patronage attaching to that office.
But the Republicans would not vote
for Hearst's man any more than the
Democrats would vote for Hearst, and
so he emerged from that struggle dis-
gusted again.

It is reasonable natural that after hav-
ing tried the part of a free lance, the
part of a Democrat, the part of a Re-
publican and having failed in all he
should decide to himself reluctantly
against the organizations which have
declared themselves very emphatically
against him. What may come out of
his new line of politics no one can
definitely prophesy. But with all defer-
ence to his populist editorial writer,
Mr. John Temple, who has de-
scribed the Independence party as the
"birth of a new party idea," I do not
believe that a new party can be built
upon the personal pique of a man who
resents the failure of the Democratic
party to nominate him for the presi-
dency or the utter refusal of either the
Democratic or Republican voters of
New York state to do his bidding.

Labor in the Campaign.

Now, mark this. Everything that was
asked of the Republican convention
the forces of organized labor were re-
fused. All that was asked at Denver
was granted. I would not say this if I
believed that the requests of labor were
unreasonable in any respect. But they
were not, and the expression given to
them in the Denver platform gives no
right to any critic to say that the De-
mocracy has surrendered to labor.
Rather it is just and fair to say that
the Democratic party this year, as in
1904 and 1908, recognized the fact that
the working people of the country
form the foundation of the country's
prosperity and has extended to them
the promise of aid and assistance in
achieving their substantial advancement.

What the labor vote may be no one
can tell. It is necessarily a secret
vote. We have been accustomed to
talk of the vest pocket vote coming
from the aristocratic districts in the
good old times when a man could put
his ballot in his vest pocket and cast
it as he pleased. But the labor vote
necessarily secret. The man who owes
his livelihood to another is not likely
to proclaim how he is going to vote if
he is doing he may offend the other.
But a very prominent labor organizer
told me this week that four-fifths of
the labor vote this year would go to
the Democratic ticket, partly because
of admiration for Bryan and his stead-
fastness, partly because of our plat-
form and partly because of the augu-
st situation of the father of government
by injunction. And as an illustration
of this he told me of a vote taken a
week ago in the Central Federated
union in New York. There were
eighty-three members present. Bryan
received fifty-three votes, Debs eleven,
and the rest sixteen. The last
seems to me to be the significant fig-
ure of the lot. What effect the Hearst
candidacy may have upon this vote
no one can tell. But it is quite
evident that Taft and the Republicans
are going to suffer very seriously be-
cause of the labor vote. The labor vote
of the Republican candidate in hostil-
ity to the forces of organized labor.

In Memory of Little Paul.

On Saturday July 18th, 1908, little Paul, son of D. C. and Linda Watson, was scalded with a kettle of blackberry jam and suffered untold misery until 10 o'clock p. m., on the following day when the Angel of death relieved him from all suffering. He was 13 months and 28 days old. All that loving hands could do was done, but God saw fit to call him home where parting will be no more. I will say to the sorrowing parents, brothers and sisters weep not for the lost one, for your loss is heaven's gain. Jesus said suffer little children

to come unto me and forbid them not for of such is the kingdom of heaven.

We loved him yes we loved him,
But Angels loved him more
And they have sweetly called him,
To yonder golden shore.
The golden gates were opened
A gentle voice said come,
And with farewells unspoken
He calmly entered in.
